Present

7. UCL Sustainability Update (Paper 1-06)

7.1. Operations Committee was briefed on the approach to and timelines for the development of a Sustainability Plan. Although this would supersede the 2019-2024 Sustainability Strategy, it would build on work to date and align with the Strategic Plan 2022-27.

7.2. During the presentation the following points were made:

- a. The Covid-19 pandemic had presented a significant obstacle to the realisation of the aims of the ambitions of the Sustainability Strategy. A refresh of the Strategy had been called for by UMC and Council. The new plan would include a Sustainability Development Plan Matrix with more granular detail on targets,
